

EQUIPMENT SPECIFICATION

SAFETY AND SECURITY	INTERIOR SPECIFICATIONS
ABS - 4 Wheel Disc Anti-Lock	Air Conditioning - Dual Zone Climate Control
Alarm and Immobiliser	Auxiliary Power Socket on Dashboard
Central Locking with Remote Operation	Cargo Area Light and Reversible Tray
Driver and Front Passenger Airbags	Cruise Control
Side Curtain Airbags	Cup Holders - Front [2] and Rear [2]
Electronic Stability Program (ESP)	Door Panels with Front and Rear Map Pockets
Front and Rear Park Assist	Electric Front Seats
Headlamp On Timer Delay, Levelling System	Electric Windows, Front & Rear - 1 Touch Driver Open
Height Adjustable Front Seat Belts	Folding Rear Bench Seat 60/40 Split
Locking Fuel Filler Cap	Front Centre Armrest with Storage Bin
Locking Wheel Nuts	Heated Front Seats
Rain Sensitive Automatic Windscreen Wipers	Height Adjustable Steering Wheel
Tyre Pressure Monitoring with Display	Illuminated Door Entry System
EXTERIOR SPECIFICATIONS	Illuminated Vanity Mirrors
17" x 7.5" Alloy Wheels	Leather Trimmed Seats
Chrome Grille Bars and Bodyside Mouldings	Leather Wrapped Steering Wheel
Flip Up Rear Window	Locking Glove box
Front Fog Lamps	Manual Lumbar Support
Heated Rear Window	Memory Package (Seat & Mirror)
Power Folding and Heated Door Mirrors	Overhead Console with Map Lights, Sun Glass Storage
Privacy Glass	Rear View Mirror with Auto Dimming
Rear Intermittent Wash Wipe	Trip Computer with Compass, Fuel Consumption, and Mileage to Empty in Instrument Cluster
Roof Rails - Chrome	ISOFIX Child Seat Fixing
Sunroof - Electric, Glass Tilt/Slide with Sunblind (OPTIONAL EXTRA)	
IN CAR ENTERTAINMENT	
AM/FM Single CD Radio	
Premium Boston Acoustic Speaker System	
Steering Wheel Mounted Audio Controls	
Full Screen Satellite Navigation - Includes 6 Disc Auto-Changer Radio (OPTIONAL EXTRA)	
6 Disc CD Auto-changer, AM/FM Radio -Including MP3 Compatibility (OPTIONAL EXTRA)

Jeep

JEEP COMMANDER

LIVE YOUR OWN ADVENTURE

The Jeep Commander is a striking looking vehicle, and deliberately harks back to the classic look of the first Cherokee that took the 4x4 market by storm in the 1980s. The Jeep Commander reflects the 'Jeep-rugged' design theme. This all new 2006 Jeep navigates paved roads and uncharted paths alike. Whether you're climbing impossibly steep mountain trails or towing your 3-ton boat to the lake, Commander comes equipped with plenty of horsepower. Legendary Jeep capability is reinforced by the 3.0L CRD engine, 160kW power and 510Nm of torque, enough power to tackle any challenge in your path.

VERSATILITY

Commander is the ultimate Jeep vehicle for versatility and flexibility; seating for seven passengers, 15 useable seating/cargo configurations and massive luggage space (max. 1940 ltr.) Each row sits higher than the last, giving everyone a commanding view. Third-Row seating with split back convenience is standard. The second row splits 40/20/40 and the outboard seats recline for added passenger comfort. Both passenger rows fold forward to provide a flat load floor for the maximum in utility and packability.

OFF ROAD CAPABILITY

This classic, rugged 4x4 offers a class-leading vehicle with legendary off road capabilities and on road refinement. The Jeep Commander features a host of safety systems to help make this the safest Jeep ever. While the four-wheel drive system is as relevant to drivers on wet and icy tarmac as it is to owners planning to tackle the rough stuff. The Quadra-Drive II four-wheel drive system includes industry-exclusive electronic limited slip differentials in front and rear axles that transfer torque unilaterally for a more stable ride on any terrain. It also works with the electronic stability program (ESP) to monitor and respond to driving conditions and features a low range setting to multiply torque.

SAFETY & SECURITY

Commander's standard Electronic Stability Program (ESP) automatically assists drivers in maintaining control of their vehicles during extreme manoeuvres. Side Curtain Airbags, Tyre Pressure Monitoring, Front and Rear Park Assist, ESP with Electronic Roll Mitigation (ERM) and Anti-Lock Brake System (ABS) all as standard give you rock-solid peace of mind, no matter what your destination.

COMFORT

Commander's second row passengers can enjoy their own view of the sky. The CommandView dual skylights feature tinted glass panels mounted above the second row seats. Part of the optional available sunroof package, the skylights come with convenient roller sunshades.
